- 5.2 If, in our reasonable opinion, we consider it necessary, we may manage your use of, or access to the Trading Platform as we see fit in the circumstances.
- 5.3 Trading Markets may apply limits to your usage of the services we provide, for various reasons. This includes but is not limited to, if your use of the Trading Platform is not considered by us as appropriate or fair, if it affects (or may affect) other clients' use of the Trading Platform, or if it is significantly different

Terms and Conditions
from the

we would expect from a client.

- 5.4 If the circumstances occur under which Trading Markets could impose a limit on your access to the Trading Platform, we may at our sole discretion, suspend or terminate your ability to access the Trading Platform. We will not do so without giving you prior notice (except in extreme circumstances) and will only do so if it is reasonable in all circumstances or as a last resort.
- 5.5 In order to encourage a responsible attitude towards the use of Trading Markets system resources, and to ensure that you are using the Trading Platform in a manner that is consistent with Trading Markets' fair usage principles, Trading Markets will monitor the order-to-trade ratios of clients. Each order, cancellation, or modification message entered by a client is counted as an 'order' for the purposes of calculating this ratio.
- 5.6 Ratios will be monitored by the Trading Markets Trading Team. Actions that will be taken as a result of excessive system usage are not taken automatically.
- 5.7 In the event of transaction ratios being exceeded, Trading Markets will investigate the causes on an individual, case by case basis and contact the clients directly before taking any action except in exceptional circumstances (such as extreme adverse market conditions).
- 5.8 If there are reasonable grounds to believe that it is necessary, we may pass on some or all of the funding fees covered by Trading Markets during account funding.
- 5.9 Trading Markets may pass on these charges if, after investigation, we have reasonable grounds to believe that a deposit or withdrawal of funds is not considered by us to be appropriate or fair, because it's motive is not expressly for the purpose of funding an account. For example it is motivated by a desire to generate loyalty scheme points.
- 5.10 Actions that will be taken as a result of excessive funding usage are not taken automatically. In the event preserved funding abuse, Trading Markets will investigate the causes on an individual, case-by case basis and contact the clients directly before taking any action except in exceptional circumstances.

6 Market Abuse

- 6.1 When you execute a Trade with us, we may buy or sell units or financial instruments related to the Underlying Instrument from or to other financial institutions. The result is that when you place Trades with us, your Trades can have an impact on the external market for that Underlying Instrument in addition to the impact it might have on our Price. This creates a possibility of market abuse, and the purpose of this clause is to prevent such abuse.
- 6.2 You represent and warrant to us at the time you enter into the Agreement and every time you enter into a Trade or give us any other instruction that:
 - 6.2.1 you will not place and have not placed a Trade with us if to do so would result in you, or others with whom you are acting in concert having an interest in the price of the Underlying Instrument which is equal to or exceeds the amount of a Declarable Interest in the Underlying Instrument;
 - 6.2.2 you will not place and have not placed a Trade in connection with: a) a placing, issue, distribution or other similar event; b) an offer, takeover, merger or other similar event; or c) any corporate finance activity.
 - 6.2.3 You will not manipulate our prices, our execution processes or the Platform, including using any electronic device, software, algorithm, trading strategy or arbitrage practice (including but not limited to latency abuse, price manipulation or time manipulation) or carry out any activity with the intent to take unfair advantage of the way that we construct, provide or convey our bid or ask prices or to commit any form of market abuse; and

Terms and Conditions

6.2.4 You will act in accordance with all applicable laws and regulations.

- 6.3 In the event that you place any Trade in breach of the representations and warranties given in this clause 6 or any other clause of this Agreement or we have reasonable grounds for believing that you have done so, we may:
- 6.3.1 at our absolute discretion and without being under any obligation to inform you of our reason for doing so, close that Transaction and any other Transactions that you may have open at the time;
 - 6.3.2 treat all your Trades as void if they are Trades which result in us owing money to you, unless and until you produce conclusive evidence within 5 days of our request that you have not in fact committed any breach of warranty, misrepresentation or undertaking under this Agreement;
 - 6.3.3 reserve the right to not grant you Negative Balance Protection in cases where we reasonably consider, in our sole discretion, that your negative Account balance has been caused by misconduct or market abuse. Where this is the case, we will let you know why we haven't applied Negative Balance Protection to your Account.
- 6.4 You acknowledge that it would be improper for you to deal in the Underlying Instrument if the sole purpose of such a transaction was to manipulate our Price, and you agree not to conduct any such transactions.

You acknowledge that unless closed manually, all such Positions may be rolled over on a continuous basis and thereby continue to pay or receive the applicable Swap Charge on each Position.
- 8.3 Keeping opposite Positions open on different Accounts (including opposite Positions within the same trading Account) will result in both Positions being continuously rolled over. Each Position is therefore subject to applicable financing costs (Referred to as a Swap Charge or Swap Credit in the Trading Platform) until manually closed.
